GET STARTED NOW IN AMERICA'S
NEWEST PROFITABLE HOME BUSINESS.
GROW LIVING CHRISTMAS AND
ORNAMENTAL TREES IN POTS AND
BOXES FOR A HIGH PRICE MARKET!

Did you notice the numerous articles
appearing in GARDENING AND
HOME MAGAZINES, last November
and December, recommending
LIVING POTTED CHRISTMAS TREES
for the home and apartment? Here is
a terrific market on which YOU can
cash in!

These young trees sell not only at
Christmas time, but throughout the
entire year as ornamentals. There
are certain fast growing varieties that

may be transplanted into pots or boxes within 4 or 5 months from time seed was planted. These trees
will retail up to \$1.00 each. Taking care of these trees over a longer period will greatly increase the
sales value because of their increased height and wider spread of branches. In our plan we show you
how to prepare trees under one year of age into clusters to form a scene. A group of this type will
sell from \$10.00 and up, depending on your clientele. Your florists will be happy to dispose of these
trees for you, in case you do not wish to handle your own sales.

By ordering your plan TODAY on growing LIVING POTTED CHRISTMAS TREES, we will include our
illustrated 32-page booklet, "RAISING DWARF (MING) TREES FOR PLEASURE AND PROFIT."
This is in addition to complete growing and marketing plan with 3 varieties of easy to grow seeds
(Over 1,000 seeds, sufficient to start more than 100 trees). Plan will also outline how you may ob-
tain FREE additional seeds with which you may expand your home tree growing business. Your cost
for all above is only \$1.95. WHERE CAN YOU MAKE A BETTER INVESTMENT for spare time home
business that can easily develop into a FULL TIME BUSINESS?

When in this area, you are cordially invited to visit DON PEDRO FARMS. You will see how we grow
hundreds of these trees in a standard nursery flat and thousands of trees in seed beds only 3' by 15'
in length. YOU can grow these trees in the house or in your yard. IT'S SIMPLE WHEN YOU FOLLOW
OUR INSTRUCTIONS.
